Precise Computing Performance

Engineered for precision and consistency, the Ishida Astra II price computing scale with printer combines unmatched performance with an ergonomic design that enhances customer convenience. The Astra II incorporates bright, easy-to-read displays, an easy label loading feature and user-friendly keyboard design for enhanced user operation perfect for supermarkets, bakeries, c-stores, delis and more!

To speed setup, the Astra II features an optional software tool that allows quick PLU editing using a PC. In addition, the configuration parameters can be saved for safe backup. With memory storage of 2MB, the Astra II can store a large amount of PLUs, tares and extra messages, virtually ensuring that you will never run out of memory.

The Astra II produces eye-catching point-of-purchase labels up to 2.5 inches (64mm) in width and 6.9 inches (175mm) long—all at an incredibly fast 3.9 inches (100mm) per second. With 84 one-touch preset keys and 168 presets, these programmable function keys allow for efficient transactions and ease-of-use for operators.

Astra II incorporates an easy label loading feature and produces eye-catching point-of-purchase labels..

Standard Features

- Print speed of 3.9in (100mm) per second
- Convenient side-loading label feature
