Dear Derrick,

UK-Type Examination Certificate FM22UKEX0061X - 1

I am pleased to confirm that the **PM 1 PRO, PM 1 BASIC and PS-10 Series Particulate Monitor** has been certified under UKSI 2016:1107 (as amended) Regulations in accordance with FM Approvals' Ex-Product Certification Scheme.

Your copy of the above certificate is enclosed.

Please retain all the above documents in a safe and secure location as they represent the evidence upon which the compliance of the above product is based and you may be required to produce them, if challenged by a duly appointed authority, in support of your claims of compliance with the UKSI 2016:1107 (as amended) Regulations. Please also ensure that the scope of the technical file is extended to include the details of the model variants as this is a condition of the UKSI 2016:1107 (as amended) Regulations.

Certification is dependent upon continued conformity with all of the requirements of the Ex-Product Certification Scheme as set out in the latest edition of the scheme rules. Please read these rules carefully and contact us if you have any questions.

Yours faithfully,

Victor Aluko-Oginni
Certification Manager
