Ishida Uni-8

Price Computing Scale/Printer/Color Touchscreen

The Uni-8's compact design fits virtually any size counter, occupying a very small footprint. This PC-based scale includes a 10-inch LED backlit operator display and a 7-inch LED backlit customer display for stunning promotional images and videos. The PC-based technology together with a crystal-sharp LED display, provide more marketing capabilities such as video with sound and product pairing promotions.

The Uni-8 Series bench scale is ideal for both backroom production and the countertop.
