veterinary/platform scale

THE RICE LAKE DIGITAL PLATFORM scale is easy to use and ideal for veterinarians, laboratories and pet stores. These scales are equipped with movement compensation technology, essential to eliminating inaccuracies caused by involuntary movement during the weighing process.

The stainless steel platform is protected by a non-slip, ultra-fine, durable rubber mat that can be removed for cleaning. The 6.5 ft cable allows you to position the scale on the floor with the display on a countertop.

Capacity	600lb (270kg)
Graduations	0.2lb (0.1kg)

740-10 Standard Features
