handrail scale

THE DIGITAL HANDRAIL SCALE by Rice Lake is designed to weigh individuals who need extra support. The non-skid platform and side rails give extra stability and safety.

Advanced movement compensation technology adjusts for involuntary movement occurring when weighing unsteady individuals. Two heavy-duty wheels located at the rear of the base make maneuvering the handrail scale easy in any clinic or office.

The Rice Lake Handrail Scale is a high precision weighing solution.

Capacity	700lb (310kg)
Graduations	0.2lb (0.1kg)
