Press Release

Rice Lake now manufacturing replacement cable

Rice Lake, Wis., April 13th, 2009: Rice Lake announces the return of the EL148HE replacement Mettler-Toledo™ power cell cable, now made right at their Wisconsin facility. This extremely durable cable offers 20 gauge stainless steel overbraid construction and features the Mettler-Toledo color code. A textured rubber boot and stainless steel military grade connector are built right in, for the kind of high quality product you've come to expect from Rice Lake. The EL148HE comes in standard lengths of 8, 12, 15, 26, and 35 feet. Custom lengths are available upon request. Contact Rice Lake for more information on other high quality replacement parts.

Rice Lake Weighing Systems is a family-owned, ISO 9001 certified corporation, with headquarters, metrology laboratory and main manufacturing plant in Rice Lake, WI. Additional manufacturing facilities are located in Jasper, AL. and Newtown, CT.
