Rice Lake launches new line of dynamic weighing equipment

Rice Lake, WI — Rice Lake Weighing System's new MotoWeigh™ line of legal-for-trade dynamic weighing equipment includes case weighers, checkweighers, conveyor scales, and in-process conveyors, in aluminum or stainless steel, for either dry or washdown environments.

Rice Lake is offering a wide variety of sizes, speeds, peripheral components and accessories that can be added at any time. Standard MotoWeigh components can be configured to suit virtually any facility or process, and then modified to accommodate future changes. Custom design services are also available. The MotoWeigh line is especially easy to clean because unlike older technology, the MotoWeigh line can be cleaned while it is running. For more information, contact Joe Grell, 800-472-6703 extension 5110, or go to www.ricelake.com.

Rice Lake Weighing Systems is a family-owned, ISO 9001 certified corporation, with headquarters, metrology laboratory and main manufacturing plant in Rice Lake, Wis. Additional manufacturing facilities are located in Jasper, Ala. and Newtown, Conn.
