## Rice Lake Extends Selection of OIML Weights

Rice Lake, Wis., September 15, 2008: As a result of customer demand, Rice Lake Weighing Systems® has added four additional commonly requested OIML cast iron test weights. The new OIML Class M1 metric grip-handle weights are now available in 5 kg, 10 kg, 20 kg or 50 kg. Rice Lake can also customize test weights to customer's specifications.

M1 cast weights in this range include: Weight, GHDL 50 kg Cast; Weight, GHDL 20 kg Cast; Weight, GHDL 10 kg Cast; and Weight, GHDL 5 kg Cast.

Rice Lake Weighing Systems is a certified metrology laboratory by NVLAP and provides complete calibration services and traceability report to NIST if required. Virtually all weight refurbishing, re-calibration and certification services receive an industry-leading 4-day turnaround time.

Rice Lake Weighing Systems is a family-owned, ISO-9001 registered company that designs, manufactures and distributes a complete line of industrial process control weighing equipment through a worldwide network of independent distributors. The headquarters, metrology laboratory and main manufacturing plant are located in Rice Lake, Wis., with additional manufacturing facilities located in Jasper, Ala., and Newtown, Conn.
