## Zebra® Portable Thermal Printers Available at Rice Lake

**Rice Lake, Wis., September 15, 2008:** Rice Lake Weighing Systems® has introduced the new Zebra RW 420/RW 220 Thermal Portable Printer for ease of use printing for on-the-go applications.

Rice Lake's new Zebra RW 420/RW220 thermal portable printers are constructed from polycarbonate with a fused-oil and abrasion-resistant rubber over mold to protect the product during impact falls from six feet. The Zebra thermal portable printers meet field requirements and are available with smart card reader, assorted mount kits and charging options as well as wireless security support (ie. 802, 11i, VPN, WPA or WPA2).

Rice Lake Weighing Systems is a family-owned, ISO-9001 registered company that designs, manufactures and distributes a complete line of industrial process control weighing equipment through a worldwide network of independent distributors. The headquarters, metrology laboratory and main manufacturing plant are located in Rice Lake, Wis., with additional manufacturing facilities located in Jasper, Ala., and Newtown, Conn.
