# Tracer<sup>®</sup> AV2

AVIATION WEIGHING SOLUTIONS

## Improve Safety and Capture Lost Revenue with Tracer AV2

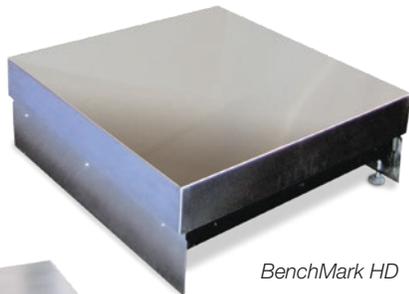

Tracer AV2 sends an alert to the operator display when preset weight limits are exceeded on the baggage scale. Tracer AV2 systems have a five-button keypad and a durable, stainless steel, LCD display.

## Versatile Connectivity

With a serial port, Ethernet port, Wi-Fi and Bluetooth<sup>®</sup> connectivity available, weight data from Tracer AV2 can be easily transferred to a wide range of peripheral equipment.

## Complete Weighing System

Rice Lake offers a variety of baggage scales to accurately weigh bags of any size and fit a variety of spaces. All Rice Lake baggage scales easily pair with Tracer AV2, even when the scales are customized to fit existing airport counters.

## Systems to Fit Your Needs

Tracer AV2 systems are Legal for Trade and available in three different configurations to fit the layout of a variety of baggage check-in counters.

### 1 Single Configuration

The single configuration is ideal for use at single check-in counters.

Package includes:

- 1 Display
- 1 CPU
- 1 Keypad

### 2 Single/Double Configuration

A single/double configuration provides more visibility to customers at luggage counters.

Package includes:

- 2 Displays
- 1 CPU
- 1 Keypad

### 3 Double/Double Configuration

The double/double configuration is best for counters with two agents.

Package includes:

- 2 Displays
- 1 CPU
- 2 Keypads
