RICE LAKE WEIGHING SYSTEMS' HISTORY OF QUALITY AND SUPPORT

From accurate medical dosing, research and laboratory work to patient intake, home healthcare and fitness centers, Rice Lake provides health and fitness equipment to serve the industry's need for reliable and accurate measurement.

Since 1946, Rice Lake Weighing Systems has been manufacturing and distributing weight-related products and supplies. A global leader in measurement and weight-based solutions, Rice Lake's roots have been planted firmly in the principles of quality and customer service through three generations of family ownership.

CALIFORNIA PROPOSITION 65 RICE LAKE WEIGHING SYSTEMS STATEMENT

Proposition 65 requires businesses to inform Californians about exposures to chemicals that are listed by the State of California as known to cause cancer, birth defects or other reproductive harm. There are over 900 different chemicals listed under Proposition 65 and more chemicals are listed by the State of California each year. These chemicals may be in the products you purchase, or you may be exposed to them at home, at the workplace or within the environment. Proposition 65 enables Californians to make informed purchasing decisions about products that can expose you to these chemicals even in minute or trace amounts. California's Proposition 65 is a California only law.

Rice Lake Weighing Systems provides Proposition 65 warnings on the packaging of the products it sells that may require a warning in an abundance of caution. All of Rice Lake's products are safe for their intended use. We are providing this warning based on the knowledge that one or more chemicals included in the

California Proposition 65 list is present in Rice Lake Weighing Systems products even if only in trace or minute amounts. To the extent that customers repackage any Rice Lake products they have sole responsibility for ensuring that the Rice Lake Proposition 65 warning is provided if the repackaged product is sold in California. Any Rice Lake customer who repackages a Rice Lake product but does not include the Rice Lake Proposition 65 warning that is included on the Rice Lake packaging agrees to defend and indemnify Rice Lake by counsel of its choice if a claim is asserted against Rice Lake based on the failure to provide a Proposition 65 warning on the repackaged product. The Rice Lake terms and conditions prevail over any conflicting terms in customer's purchase documentation and customer's order and receipt of Rice Lake Products is deemed acceptance of Rice Lake's terms and conditions. More information about California's Proposition 65 can be found at www.P65Warnings.ca.gov.

SHIPPING NOTICE

**Shipping weights and dimensions for products recommended to ship via LTL do not include pallet weight or pallet dimensions unless noted.*

A standard LTL delivery is considered to be one that ships from either a company or partner dock to arrival at a standard commercial address with disposition of the goods at the rear of the truck to enable off loading by material handling equipment provided by the consignee at either ground level or via loading dock. Allied to this, the freight in question should be palletized and secured in a way to facilitate the safe handling of the freight with no one dimension over seven feet, six inches.

Any LTL delivery falling outside of this criteria may well accrue accessorial charges levied by the carrier in line with their tariff rules. It is recommended that any potential accessorial costs are discussed at the time of order placement so that these costs can be billed appropriately at the time of shipment. If this is not the case, Rice Lake Weighing Systems reserves the right to charge the customer retrospectively for any accessorial costs incurred during the delivery process.

PHYSICIAN SCALES

DIGITAL AND MECHANICAL

EYE-LEVEL

150-10-5

DIGITAL PHYSICIAN SCALE

The Rice Lake 150-10-5 digital physician scale has an eye-level digital display to provide a clear weight reading. With a height bar integrated into the scale column, healthcare professionals can quickly capture both height and weight information. Built-in wheels make the 150-10-5 easy to transport and the choice between using an AC adapter or batteries means this physician scale can be used nearly anywhere in a healthcare facility.

FEATURES

- Large push-button LCD display
- Antimicrobial keypad
- Large, stable scale base
- Integrated height rod
- Nonslip rubber mat, removable for cleaning
- Two wheels for easy transport
- Unit of measure toggle or locking
- Motiontrap™ movement compensation technology
- EMR capable
- Serial and USB data communication ports
- Wireless personal area network (WPAN) option available
- Hold function
- Zero function
- Body mass index (BMI) function
- Factory calibrated

RL-MPS-50

MECHANICAL PHYSICIAN SCALE

Rice Lake's RL-MPS-50 mechanical physician scale is built to weigh patients up to 450 pounds (200 kilograms). The RL-MPS-50 features a height rod for monitoring growth and is designed with rear wheels for ease of transport. The poise travels freely along the weigh beam with just a tap of the finger. A distinctive, color-coded weigh beam is easy to read, with a kilogram weighing option available by flipping the beam.

FEATURES

- Two wheels for easy transport
- Aluminum height rod included
- Poise travels free on weigh beam with simple finger tap
- Easy-to-read weigh beam
- Color-coded black inset shows lb markings and white inset shows kg markings
- The beam can be rotated to the desired unit of measure
- Aluminum height rod

SPECIFICATIONS

Capacity:
450 lb \times 4 oz (200 kg \times 100 g)

Platform Dimensions:
(L \times W \times H)
14.75 \times 10.75 \times 4.13 in

Height Rod:
Measures 29.50 to 78.75 in
(75 to 200 cm)

Height Division:
0.25 in (5 mm)

Warranty:
Two-year limited

WHEELCHAIR SCALES

NEW

350-ADA-1

DUAL-RAMP ADA-COMPLIANT WHEELCHAIR SCALE

Rice Lake's 350-ADA-1 is designed with accessibility and precision in mind. This ADA-compliant wheelchair scale provides safe, accurate weighing for patients, including those with mobility challenges. The low-profile ramps and spacious platform make transfers easy and stress free, while the sturdy construction ensures long-lasting reliability in any clinical or healthcare setting.

FEATURES

- ADA-compliant
- Large LCD display
- Antimicrobial keypad
- Dual ramp
- Metal, nonslip platform
- Supports bariatric patient weighing
- 2-in edge protection
- 1:8 gentle slope
- Two wheels for easy transport
- Motiontrap™ movement compensation technology
- Unit of measure toggle or locking
- EMR capable
- Serial and USB data communication ports
- Tare function
- Hold function
- Body mass index (BMI) function
- Factory calibrated
- Easy to store, folded depth is 11.75 in (29.8 cm)

STRETCHER SCALES

350-10-8S

DIGITAL STRETCHER SCALE

The Rice Lake 350-10-8S digital stretcher scale is designed to be the first line of weighing when a patient is received into a medical facility by stretcher. The heavy-duty frame and wide ramps enable easy, safe and fast patient processing. Two rubber wheels allow easy and quiet transportation of the scale if needed. Advanced movement compensation technology eliminates involuntary movements made during the weighing process, ensuring exact weighing information.

FEATURES

- Large LCD display
- Antimicrobial keypad
- Two wheels for easy transport
- Dual ramp
- Metal, nonslip platform
- Safety side rails
- Motiontrap™ movement compensation technology

RL-DBS

DIGITAL BABY SCALE

The RL-DBS digital baby scale accurately weighs and measures even the most active babies. Simply place the baby on the scale, remove the baby and recall its weight by pressing the Recall key. The RL-DBS is portable, extremely durable, and easy to clean and maintain.

FEATURES

- Large 1-in LCD display
- Unit of measure locking
- Recall function to view last weight
- Automatic shut-off for long battery life
- Built-in measuring tape
- Optional carrying case

SPECIFICATIONS

Capacity:
44 lb × 0.5 oz (20 kg × 10 g)

Power:
Four AA alkaline batteries (included)
or AC adapter (included)

Battery Type:
Four AA alkaline (included)

Measuring Tape:
0 to 22.5 in (0 to 57 cm)

Approvals:
AC adapter: cULus

Warranty:
Two-year limited

Optional carrying case

DUAL RANGE

650-10-1

NEONATAL SCALE

The 650-10-1 neonatal baby scale precisely weighs even the most active babies, up to 33 pounds (15 kilograms). Motiontrap™ movement compensation technology compensates for involuntary movements and provides a stable, accurate weight reading. Enhanced precision is essential especially when weighing premature infants. The 650-10-1 provides these precise weighments from zero to 10 pounds (5 kilograms) with accuracy within 0.05 ounces (1 gram). A two-sided removable tray keeps babies safe, and a built-in measuring tape ensures quick and easy measurements.

FEATURES

- Large LCD display
- Dual-range capacity for increased precision
- Unit of measure locking
- Automatic shut-off for long battery life
- Motiontrap™ movement compensation technology
- Built-in measuring tape

RL-WMS-10

WALL MOUNT STADIOMETER

Rice Lake's RL-WMS-10 wall mount stadiometer accurately measures height between 23 and 82 inches (60 and 210 centimeters). The RL-WMS-10 measures divisions of 1/16 inch (one millimeter). Quickly and easily obtain heights in either inches or centimeters. The aluminum-constructed RL-WMS-10 can be folded for compact storage when not in use and includes hardware for wall mounting.

FEATURES

- Aluminum construction
- Compact design with folding headpiece
- Measures both inches and centimeters
- Hardware included for mounting to metal, wood or drywall walls

NOTES

Rice Lake's ADA-compliant Healthweigh® Scale

Rice Lake Weighing Systems' Healthweigh scales are engineered to support comfort, safety and ease of use for patients and caregivers.

The new 350-ADA-1 wheelchair scale meets **ADA requirements** and includes live handrails to provide a comfortable weighing experience for patients of all mobility levels.

By August 9, 2026, every public healthcare facility must have at least one ADA-compliant scale, or 10% of all diagnostic equipment must meet ADA requirements.

The 350-ADA-1 has specific features to meet ADA standards:

- 1 35-inch handrail
- 2 40-inch-wide platform
- 3 2-inch edge protection
- 4 1:8 gentle ramp slope

Be prepared by adding the 350-ADA-1 to your facility, backed by Rice Lake's unmatched 24/7 customer support.
