

The  
**RailBoss™**  
**Rail Scale Advantage**

Available in standard or custom sizes, RailBoss is the industry-leading non-Legal for Trade rail scale system for checkweighing and load filling.

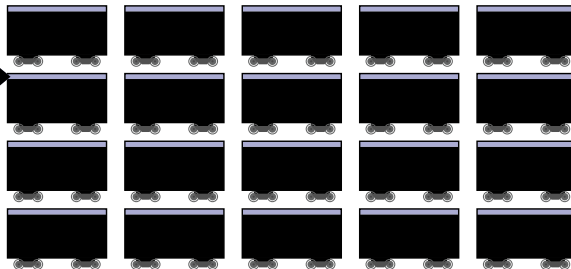

**1 DAY** Installation  
**NO** Foundation means a  
 and minimal  
 operational downtime.

**MINIMIZE** Wasted Rail Car Space

Shipping underloaded rail cars by just 5% accumulates fast.

In the span of just 20 cars, you accumulate an entire rail car's worth of empty space.

**EXTRA \$4,000**  
 In shipping

For every **20 cars shipped you save** approximately **\$4,000** in shipping costs **with RAILBOSS**

**100 CARS = \$20,000 Savings**  
**5,000 CARS = \$1,000,000 Savings**

**How many cars do you ship in a year?**

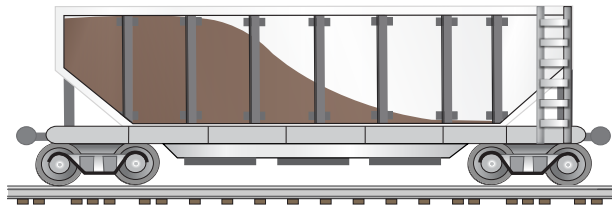

Reduce Wasted Space and **SAVE** With **RAILBOSS**

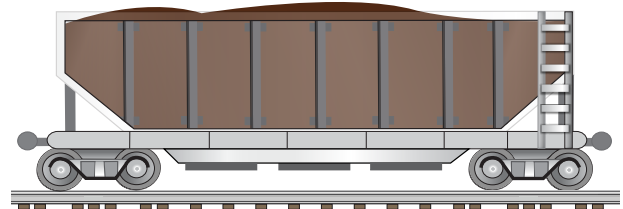

## AVOID **OVERLOADING**

Overloading your rail cars can be just as costly. If one of your cars is flagged for being overloaded, you could face up to \$10,000 in fines and incur additional fees to rectify the issue:

- Rental costs at the nearest rail siding
- Labor costs for a crew to remove the material from your overloaded or un-balanced rail car

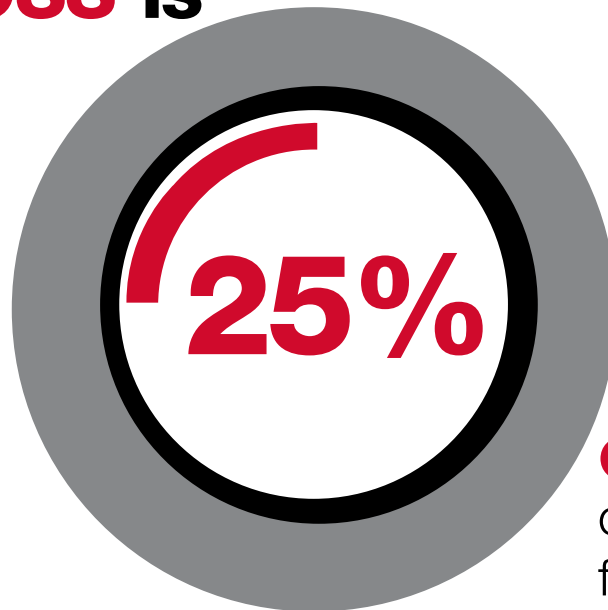

**UN-BALANCED**

**OVERLOADED**

**RAILBOSS** is

**of the cost**  
of a concrete  
foundation rail scale.

For weight verification and other non-NTEP needs, RailBoss is the ultimate rail scale system. Fast track profits with the industry-leading rail scale system and visit [www.ricelake.com/RailBoss](http://www.ricelake.com/RailBoss).
