COUNTING SCALE

## Doing More for Less.

The DC-788 exceeds all expectations of a counting scale—at a price point that can't be beat! With a capacity of up to 100 pounds, and an optional rechargeable battery that provides up to 24 hours of continuous usage, this durable counting scale offers tremendous power and virtually unlimited flexibility. Its bright green LED display can be seen from virtually any angle and is highly visible in low light areas. Only non-counting applications are NTEP approved.

## Accurate Simplicity

If accuracy and ease-of-use are important, the DC-788 is a must-have. With its RS-232 interface, you can easily attach a scanner or printer to optimize work flow and documentation. The DC-788 allows you to customize your output by disabling specific spec codes. With the DC-788's capacity and power, you can do much more for a lot less!

### Expand your capability

With a remote scale option, the DC-788 becomes the power source to an attached bench scale. With this unique option, you can easily weigh larger items and save time and money with accurate counts.

### Ticket Tape Label

### Ticket, Tape or Label. You Choose.

With the DC-788, you can choose from several different types of media to document your weight and inventory information.
