Is a protective case required: Yes No

Wire Rope Pre-calibration

There are up to eight factory calibrations provided. The information provided below will be used for those calibrations.

	Rope/Cable Diameter	Strand Arrangement	Rope/Cable Material	Minimum Breaking Load (MBL) if known	Working Load Limit* (WLL) if known
1.	 <i>inch mm</i>				
2.	 <i>inch mm</i>				
3.	 <i>inch mm</i>				
4.	 <i>inch mm</i>				
5.	 <i>inch mm</i>				
6.	 <i>inch mm</i>				
7.	 <i>inch mm</i>				
8.	 <i>inch mm</i>				

*If working load limit is not known, we will calculate it as a maximum of 20% of the MBL.
