Get more from your ATK

OnTrak software is an effective data management tool for truck scale operations that use Rice Lake Automated Ticketing Kiosk (ATK) systems.

OnTrak, installed on a PC, uses information from your ATK system for more detailed reporting functions. Quickly view, print, or export weight data as XML files for use in spreadsheets and more.

Apply OnTrak's reporting features to a wide range of industries. OnTrak is incredibly easy to use, and can be installed and configured without the need for additional support staff.
